

Preparing For Your Move

**You will need to set up your utilities, phone, internet and cable.
There is a company called Utility Concierge that can help.**

<http://utilityconcierge.com/>

Utility Concierge is a complimentary service that saves you time, money and stress during the moving process all while giving you access to the best rates in your area. Researching and switching utilities during a move can be very time consuming as well as frustrating. Utility Concierge services include researching the following:

1. Electricity
2. Internet
3. Security
4. Satellite
5. Cable
6. Phone
7. Movers

Utility Concierge can connect you to the best package deals and latest technology for your new home, at incredible prices.
